

-- 27. The system of claim 26, further including a fastener for securing said base and said cap to said coiled tube.

-- 28. The system of claim 27, wherein said fastener is a tie rod having a bottom end mounted to said fan and a top end secured to said cap.

-- ~~29~~. A condenser comprising:

A1
Condenser
a finned tube coiled to form an inverted cone which tapers inwardly from a lower end to an upper end;

a base receiving a bottom coil of said coiled tube;

a cap receiving a top coil of said coiled tube; and

a fan secured to said coiled tube to direct air through the fins of said finned tube.

-- 30. The condenser of claim 29, wherein said fan is mounted in said base for directing air into said cone.

Remarks

The foregoing claims are added to provide the scope of protection to which applicant is believed entitled.

Respectfully yours,
JONES, TULLAR & COOPER, P.C.
